

Please stop this rush to ease ownership regulations of OUR airwaves. You must allow for full public debate and disclosure. Further media consolodation is a dire threat to our democracy. You are not serving the public by relaxing these regulations, you are serving big business.

Your secrecy around this issue and unwillingness (with the exception of Mr. Copps and Mr. Adelstein) to hold public hearings makes it obvious who you are favoring in this decision. The public deserves all the information about this decision - it effects all of us - and we have a right to participate in deciding who controls the public airwaves and where our information comes from. We need diversity in our media.

Stop the deregulation!

Sincerely,
Terri Grayum
